About Us 87

THE PAPER

For over four centuries, the Schut mill in the Netherlands has crafted fine art papers of unparalleled quality. Since its acquisition by Exacompta Clairefontaine in 1998, Schut Paper continues to uphold the meticulous paper-making traditions that have defined its legacy. Clairefontaine's current collection is produced with the same care and quality that distinguished Schut during the Dutch Golden Age when they supplied paper to masters like Rembrandt.

WET TECHNIQUES

Designed for all wet media, from watercolor and gouache to collage and beyond, our papers provide the perfect surface for every artistic vision. We know choosing the right paper is crucial, which is why ours meet the highest standards for absorbency, wet strength, and color preservation. Combining centuries-old expertise with modern technology, Clairefontaine Fine Arts papers inspire creative exploration and guarantee an exceptional artistic experience.

DRY TECHNIQUES

Clairefontaine Fine Arts drawing and sketching papers are ideal for a range of dry media, including pencil, pen and ink, pastels, and more. Each paper boasts a unique surface texture designed to enhance creative expression and bring out the best in every artist's work. These premium papers are carefully milled to provide fine line control, excellent erasability, and, for ink work, no bleed-through or ghosting.

MIXED MEDIA

Created for students, hobbyists, and professionals alike, Clairefontaine Fine Arts mixed media papers are designed to handle a wide range of wet and dry media. Double-sized for exceptional wet strength and vibrant color, these papers excel with pencil, pen and ink, watercolor, gouache, layered collage, light acrylics, and more. Artists can confidently push these versatile papers to their creative limits.

CALLIGRAPHY

Calligraphers, from beginners to seasoned professionals, have exacting standards for their tools. Clairefontaine Fine Arts offers a comprehensive selection of exceptional supplies to meet those demands. Brause steel nibs, crafted in Germany since 1850, along with our fine art papers and renowned Jacques Herbin inks and pens, are favored by lettering artists around the globe.

FONTAINE

Watercolor Paper - 100% pure cotton

During the "Golden Age" of Dutch painting, the De Veentjes mill became known for handcrafting the finest papers available. Later owned by the Schut family and subsequently acquired by Exacompta Clairefontaine of France, the Schut mill continues to produce some of the highest quality art papers on the market today. Colors remain true and luminescent over time. Acid-free and archival.

PASTELMAT®

Premium Surfaces for Pastels

Manufactured by Clairefontaine in France, Pastelmat has a legendary reputation among the world's foremost pastelists. Its unique, velvety surface, derived from organic fibers, offers a superior alternative to traditional pastel papers. With a pronounced tooth—gentler than sanded papers—Pastelmat allows for exceptional color vibrancy. The texture grabs and holds pigment, pulling it deep into the surface for rich, luminous results. Artists can create painterly effects with soft, buttery marks, and the surface allows for fine line-work, effortless blending, precise control, and the ability to build multiple layers. Pastelmat handles water or solvent-based washes, and supports most dry and wet media. There's no need for fixatives and the surface produces little dust.

- **360g**
- Supports All Pastel Types: soft, medium, hard, oil, Cray-Pas, Pan Pastel, and colored pencils
- Mixed Media Surface: Supports most dry and wet media including charcoal, colored pencils, acrylics, watercolors and gouache
- Available in 16 colors: sheets, mounted boards, and pads
- Non-toxic & Acid-free / pH Neutral
- See display options on pages 74 and 76

HISTORY

Stillman & Birn has been a trusted name in the American art materials industry for decades. Founded in 1958 by Philip Birn, a Viennese bookbinder, he brought old-world craftsmanship to a small company in New York City, where he pioneered the concept of the black, hardbound sketchbook that endures to this day. In 2019, Stillman & Birn was added to the Clairefontaine Rhodia fine art family.

MANUFACTURING

Stillman & Birn products are proudly made in the USA with Schut paper produced in the Netherlands. Our vertically integrated process—from production to binding—lets us control every step in the manufacturing process, ensuring consistent quality and minimizing our environmental footprint.

SKETCHBOOK SYSTEM

Stillman & Birn's sketchbook system caters to every artist's unique needs, offering a choice of paper weight, shade, and surface type. With both internal and surface sizing, our papers have exceptional wet strength, supporting the application of multiple washes and keeping pigments on the surface of the paper for remarkably vibrant color.

Choose from three binding options: Hardbound, wirebound, and softbound. All sketchbooks lay flat and feature rounded corners for a clean finish and to prevent fraying.

BLOCKX

Founded in 1865 in Belgium by Jacques Blockx I, the BLOCKX brand today is recognized by artists worldwide for the uncompromising quality of its colors. Blockx was a chemist with a passion for pigments who started his own laboratory at the urging of his artist friends who were dismayed that the colors traditionally made in artists' studios were no longer available after being replaced by industrial methods.

True to its origins, BLOCKX maintains its traditional methods and commitment to single-pigment, top-quality products.

One of the most Prestigious Oils Paints in the World

Experience the timeless quality of BLOCKX extra-fine oil paints. Known for their smooth, luminous finish, these colors possess a remarkable texture ideal for both classical and contemporary painting techniques.

BLOCKX maintains its historic commitment to excellence in every tube. These extra-fine oils are crafted primarily from single pigments, ensuring a high color concentration and exceptional vibrancy. Blockx pigments are stone ground slowly to prevent overheating and to preserve purity of color. Numerous controls are followed along the way to create an optimal consistency, allowing for extended blending time and effortless mixing directly on the canvas. The result is dazzling, incomparable color.

Oil Paint

Watercolor

- Manufactured with the Purest Pigments
- Optimal Light Resistance

BLOCKX watercolors are made with rare, finely ground, light-resistant pigments.

Over 150 years ago, Jacques Blockx developed watercolors that would be bright, luminous, and resistant to time. Starting with only the purest of pigments, he first hand ground every color, then mixed them with gum arabic and honey to ensure unparalleled application and superb washes. Blocks watercolors are still handcrafted in Belgium today.

"Writing with pen and ink is much more than writing; it's giving body and color to our thoughts."
–Jacques Herbin

History

Jacques Herbin was a 17th century French adventurer who, following multiple journeys to India, returned to Paris with formulas for manufacturing sealing wax and inks. He consequently established the House of Jacques Herbin in 1670, specializing in sealing wax and fine stationery.

In 1798, Jacques Herbin, the 4th generation family scion, launched the company's eponymous line of writing inks. It was a time of tumult, discovery and industrialization as the French Revolution was ending and Napoleon Bonaparte was beginning his ascent. This was also the time when steel nib dip pens began to replace quills for writing.

Jacques Herbin continued to develop new inks in the 19th century. The company began production of India Ink (also known as Chinese Ink) in 1829. Their violet ink was the everyday color used by students during the Third Republic (1870-1940) and Jacques Herbin even developed a special black ink just for Victor Hugo, one of the world's great French authors.

The Jacques Herbin company was handed down from father to son throughout the 20th century. Under the Clairefontaine Rhodia umbrella since January 2021, Jacques Herbin is still synonymous with exceptional craftsmanship and time-honored traditions as it continues to be celebrated for the exceptional quality of its inks, sealing waxes and writing instruments. Made in France and finished by hand in Paris, Jacques Herbin inks and waxes provide a luxurious writing experience that has been favored by prominent figures throughout history, from Louis XIV to Coco Chanel.

ÉCLATS

DYE-BASED WATERCOLOR INKS

Éclats by Jacques Herbin is a collection of dye-based watercolor inks for artists. These inks boast a richer, more viscous consistency than other dye-based and liquid watercolors, resulting in remarkably vibrant colors.

Éclats inks are easily mixable, re-wettable, and come in distinctive packaging that reflects their premium quality. Made in France, Éclats embodies the same commitment to premium quality that has defined Jacques Herbin for over 350 years.

Brause

History

Founded in 1850 in Iserlohn, Germany, a region famous for the quality of its steel and the skill of its craftsmen, Brause was initially a needle-maker, but expanded to include pen nibs in 1895. Today Brause nibs can be found in the toolbox of many professional calligraphers, lettering artists and illustrators and are considered to be among the finest available.

Steel Nib Manufacturing

Brause manufactures steel nibs for writing, drawing, and calligraphy. The quality of craftsmanship is renowned by calligraphers worldwide. Offering a subtle balance between relative elasticity for easier writing and the resistance necessary for clear strokes, Brause Nibs are manufactured from cold rolled steel and pressed with tools specific to each model and size. The most delicate part of the manufacturing process involves cutting a slit down the middle of the nib, enabling the ink to flow correctly and freely from the reservoir to the tip of the nib.

About Us

Exaclair, Inc. has been importing and distributing high-quality stationery products from France for home, office, and school use since 1984. Our extensive product range includes notebooks, journals, sketchpads, craft supplies, calligraphy tools, inks, planners, and social stationery. We also offer custom products for corporate gifting. Our offices are located in New York City, while our warehouse and manufacturing facility are based in Hamburg, NY.

Exaclair, Inc. is a wholly owned subsidiary of **Group Exacompta Clairefontaine**, founded in 1858 and headquartered in Etival-Clairefontaine, France. As Europe's sole manufacturer of both paper and finished paper products, **Exacompta Clairefontaine** upholds the highest quality and sustainability standards. The Group owns renowned brands, among them **Clairefontaine, Exacompta, Rhodia, Quo Vadis, Jacques Herbin, Stillman & Birn, G. Lalo, Blockx, Brause, Schut and Decopatch**. Exaclair is the exclusive U.S. importer and distributor of finished products from these brands.

Our Mission

For almost two centuries, **Group Exacompta Clairefontaine** products have been essential tools for creative people everywhere. Each item is thoughtfully designed and meticulously crafted to build a connection to the creative process and inspire imagination.

Exaclair brings the rich heritage of these products to the US market. While deeply rooted in the artisan tradition, we still innovate to meet the needs of our community. We're committed to listening to—and learning from—our customers, partners, and resellers, and strive to perfect the balance of form and function in everything we bring to market.

Exaclair products are accessible luxuries linked to a treasured centuries-old legacy of craftmanship. Our paper is an unrivaled canvas for ideas, our writing instruments are optimized to let inspiration flow, and our company is driven by an unwavering commitment to help creative people everywhere make their mark in the world.
